

Morse Moving & Storage

Moves to Bag Hunger

ALLIED
Agent for Allied Van Lines

Morse Moving and Storage has partnered with local Food Donation and Hunger Charity organizations, to help fight hunger in our community. Through these partnership, we have formed a Relocation and Food Donation program called, **Morse Moving and Storage Moves to Bag Hunger**.

In 2010, 17.2 million (14.6%) of American household were food insecure. Meaning that they don't know where their next meal was coming from. Compared to 13 million (11.1%) in 2009. 8.3 million of those households had children living in them, compared to 6.2 million in 2009.

We may not be able to help the entire United States, but we can start by helping right here in our own hometown, one relocation at a time, with help from our customers.

Relocating can be hectic, and often times people will take this opportunity to clean out their pantries and kitchens. This is an opportunity for us to work with our customers, to help bag hunger, and make an impact on local families living food insecure.

Every time one of our experienced and dedicated Relocation Representatives go out to estimate a move, they will bring with them a special bag for those unopened, unwanted, non-perishable food items. Customers can pack the bag, or one of our professional movers will pack it for them, on move day, and **Morse Moving and Storage** will deliver it to local Food Donation and Hunger Charity organizations, where it can be distributed to local families in need.

We are thrilled to be able to help our community, and give our customers the opportunity to participate, as well. Even the smallest donations can go a long way.
